Account Setup and Access

1. Will my old username and password work on the new site?

If you had previously signed up for autopay through the Paymentus portal prior to June 30th, you will need to choose the "Forgot your password?" option to access the new portal. During the password reset you will be prompted to enter your current 5-digit water account number to complete the initial sign in. If you are having difficulty signing in, please call the Wilmington 311 telephone service at (302) 576-2620.

If you had autopay set up before, it will continue to process payments even if you do not sign in to the new portal.

For customers who are not currently enrolled in autopay, please click on the "Sign Up Now" option to access the new portal.

2. How do I manage my old autopay information if I have to re-register for portal access?

The new portal registration will know if the account being registered was previously setup on autopay and will automatically link to the new portal account.

3. What is the new Customer Portal?

The Customer Portal is an online platform that lets you manage your utility, Tax, and L&I accounts anytime, anywhere, with tools for viewing bills, making payments, and tracking usage.

4. How do I register for the Customer Portal?

Troubleshooting and Support

36. What do I do if the portal is down?

Contact the City's customer service or check their website for outage or maintenance updates.

37. Why can't I log in to the portal?

Ensure your credentials are correct, reset your password if needed, or contact your utility for account issues.

38. Why isn't my usage data updating?

This could be due to a delay in billing. The usage information is updated when your account bills.

39. Can I get help with the portal's features?

Yes, contact customer service or review the sites FAQs.

40. What if I don't see my payment reflected?

Check your payment history or contact your utility, as processing times may vary (typically 1-2 business days).

41. Why am I not receiving notifications?

Verify your notification settings in the portal and ensure your email or phone number is correct. Also check your email spam folder.

42. What if I'm locked out of my account?

Follow the "Forgot Password" process or contact your utility to unlock your account after verifying your identity.
